Professional Summary

Project and Program Coordination professional with hands-on experience supporting educational, youth development, community, technology, and training initiatives. Background includes coordinating project and training operations, supporting fundraising campaigns, maintaining financial records, providing IT and digital-systems support, reviewing program data, assisting volunteer development, and contributing to the establishment of a local center. Experienced in schedules, participant and trainer coordination, attendance tracking, documentation, reporting, operational follow-up, and customer support. Also brings a foundation in mathematics education, programming instruction, Python-based data work, and AI fundamentals. Interested in project coordination, program operations, training operations, education, youth development, and digital transformation.

Core Competencies

Project Coordination; Program Operations; Training Coordination; Training and Event Logistics; Activity and Deliverable Follow-up; Scheduling; Participant and Trainer Support; Team Communication; Fundraising Campaign Support; Financial Records Administration; Volunteer Development Support; Center Establishment and Operations; IT Support; Digital-System Support; Data Review and Tracking; Attendance Management; Reporting; Documentation; Customer Service; Operational Problem Solving.

Professional Experience

Sales and Customer Support Representative - Digital Products **Oct 2026 – Present**
FastKeys *Digital Software Products*

- Respond to customer inquiries about digital software products, including Windows, Microsoft Office, and antivirus licenses.
- Explain product options, compatibility considerations, purchasing steps, and activation procedures.
- Follow up on orders and support customers with installation, activation, and common product-use issues.
- Troubleshoot reported issues, provide clear instructions, and maintain professional post-purchase communication.

Project Coordinator (Part-Time) - Digital Egypt Cubs Initiative **May 2026 – Present**
EYouth *Sohag, Egypt | Ministry of Communications and Information Technology initiative*

- Coordinate day-to-day delivery of training activities and support the participant experience in Sohag.
- Coordinate schedules, trainers, participants, venue logistics, and session-readiness requirements.
- Track attendance, participant records, and operational data to maintain accurate program information.
- Prepare daily and periodic reports using Microsoft Excel and Google Workspace.
- Follow up on action items and operational issues and support workshops, assessments, and training activities.
- Coordinate communication between internal teams, trainers, participants, and external stakeholders.

Project Coordinator Intern - Innovation Support / InnovEgypt **Aug 2026 – Oct 2026**
Information Technology Industry Development Agency (ITIDA) *TIEC, Smart Village, Cairo | Hybrid*

- Supported implementation and follow-up of InnovEgypt activities within a hybrid on-site and online delivery model.
- Coordinated assigned program activities and followed up with team members and stakeholders on operational requirements.
- Prepared technical and operational reports and maintained program documentation.
- Managed student communication through the InnovEgypt Facebook page.
- Contributed to the concept, design, and implementation of a digital graduation-frame experience for InnovEgypt graduates.
- Supported preparation and execution of the InnovEgypt Graduation Celebration.

Training Coordinator - Technical Training Programs **Mar 2026**
Career180, in collaboration with the National Telecommunication Institute (NTI) *Creativa Innovation Hub, Sohag*

- Coordinated technical training schedules and day-to-day program operations.
- Managed participant registration and attendance and coordinated with trainers and organizing teams.
- Prepared classrooms and supported session readiness to help training activities start on schedule.
- Prepared operational reports and attendance records and supported learners throughout the program.
- Assisted in resolving operational issues during training delivery.

Sales and Customer Support Intern - Digital Products **Jun 2026 – Jul 2026**
FastKeys *Digital Software Products*

- Responded to customer questions about digital software keys, product options, and purchasing procedures.
- Assisted with order follow-up and provided guidance on product installation and activation.
- Helped troubleshoot common product-use issues and developed experience in customer communication and technical support.

Project Coordinator - Link to Your Dream Job **Jan 2025 – Aug 2025**
EYouth *Remote*

- Supported coordination and execution of educational and youth development program activities in a remote environment.
- Tracked project timelines, milestones, tasks, and deliverables and followed up on implementation progress.
- Prepared weekly progress reports and maintained project trackers and documentation.
- Coordinated communications, meetings, scheduling, and operational workflows across project teams.
- Followed up on assigned tasks to support timely completion of project activities.

Library Assistant **May 2025 – Jul 2025**
El Daheeh Library *El Monshaa, Sohag*

- Supported customer service, printing, document preparation, and daily library service operations.
- Processed routine financial transactions and supported basic bookkeeping.
- Maintained service and transaction records using Microsoft Excel.

Training and Events Coordinator Intern - Education Programs **Oct 2024 – Apr 2025**
Creativa Innovation Hub Sohag *Sohag, Egypt*

- Supported planning and delivery of educational events, workshops, technical training, and community initiatives.
- Coordinated participant registration, attendance records, logistics, and communication with trainers and attendees.
- Communicated with partner organizations and supported operational requirements during activities.
- Collected participant feedback and assisted with event reporting and documentation.

Student Coordinator **Jan 2021 – Jul 2021**
Abwaab *Remote*

- Supported student registration, onboarding, subscription activation, and account-related requests in an online learning environment.
- Responded to student inquiries and helped resolve common platform-related issues.
- Maintained student records and follow-up documentation and coordinated requests with internal teams.

Life Makers Egypt - Volunteer and Project Operations

Volunteer since 25 May 2023 | Sohag, Egypt | Multiple projects and operational assignments

Project Review and IT Support - Saboura El Mahrousa Project **Aug 2026 – Present**
Life Makers Egypt *Multi-governorate support*

- Review and verify school-board registration records through the Aish w Melh digital system.
- Provide technical support to volunteers, coordinators, and project teams across multiple governorates.
- Troubleshoot registration, data-entry, and system-access issues and follow up on resolution.
- Monitor registered and remaining school boards and follow up on registration progress and implementation results.
- Activate and manage system roles and access permissions for volunteers and project officials according to assigned responsibilities.

Fundraising Campaign Support **2026 – Present**
Life Makers Sohag *Sohag, Egypt*

- Support fundraising activities and follow up on donation campaign operations with Life Makers Sohag.
- Assist with campaign-related coordination and operational follow-up.

Internship Program Support Assistant - Volunteer Development Unit **2026 – Present**
Life Makers Egypt *Internship Program Support*

- Assist the coordinator responsible for the internship program file with coordination and follow-up activities.
- Contributed to the idea and implementation of a digital celebration-frame platform that allows internship participants to apply a frame to their photos, download the result, and share it on social media.
- Platform: makers-journey-frame.lovable.app.

Center Establishment and Operations Coordinator - Akhmim Center **2025**
Life Makers Egypt *Akhmim, Sohag*

- Established and launched the Life Makers Akhmim Center in Sohag.
- Took responsibility for the center from its establishment and followed up on its activities and operational requirements.
- Supported the organization and development of the center's activities.

Office Management Intern - Project Support **Aug 2025 – Oct 2025**
Life Makers Foundation *Sohag, Egypt | Hybrid*

- Supported daily administrative and operational activities, office documentation, filing, and record organization.
- Organized meetings and administrative processes and coordinated internal communication.
- Prepared reports, maintained project documentation, and assisted teams with logistics and operational support.
- Gained practical exposure to planning, SWOT analysis, action-plan preparation, and project follow-up.

Accounts Officer **2024 – 2025**
Life Makers Sohag *Sohag, Egypt*

- Managed accounting activities and financial records for Life Makers Sohag during 2024-2025.
- Followed up on financial transactions, donation records, receipts, and payments.
- Maintained and organized financial documentation and supporting records.
- Prepared and reviewed financial summaries and accounting records to support accurate follow-up and reporting.

IT Support and Fundraising Campaign Operations - Sohag Governorate **2024 – 2025**
Life Makers Egypt *El Monshaa and Sohag Centers | Sohag*

- Provided IT support for fundraising campaigns at El Monshaa and Sohag Centers.
- Followed up on the fundraising campaign sector across Sohag Governorate for one year.
- Supported technical and operational requirements and assisted campaign teams with IT-related issues.

Volunteer Development and Training Support **Through 2025**
Life Makers Egypt *Sohag, Egypt*

- Held responsibility for volunteer development activities through 2025.
- Identified and helped arrange training opportunities for volunteers and coordinated related training activities.
- Followed up on training-related requirements to support volunteer learning and development.

IT Support - Nationwide Campaigns **Campaign-based**
Life Makers Egypt *Nationwide, Egypt*

- Held IT responsibilities for nationwide campaigns implemented across Egypt.
- Supported the technical requirements of Bouslat El Saada and Lawnha Bel Akhdar campaigns.
- Provided technical and operational support for campaign activities at the national level.

Project Coordinator - Qodwa Project, El Monshaa Center **2023 | Six months**
Life Makers Egypt *El Monshaa, Sohag*

- Took responsibility for the Qodwa Project at El Monshaa Center during the first period of volunteering.
- Followed up on project activities, implementation requirements, and day-to-day coordination.

Community Engagement and Teaching Experience

TIEC Ambassador **May 2024 – Present**
Technology Innovation and Entrepreneurship Center (TIEC) *Sohag, Egypt*

- Represent TIEC in the local community by supporting innovation, entrepreneurship, and technology-focused activities.
- Support the organization of technology workshops, community events, and networking activities.
- Promote entrepreneurship and innovation opportunities among students and young innovators.
- Support outreach and engagement activities and connect students with technology and innovation initiatives.

Online Programming Instructor - Special Course **Apr 2024 – Dec 2024**
Special Courses / Programming Education *Remote*

- Developed and delivered a practical Python curriculum for 50+ learners, covering programming fundamentals through Object-Oriented Programming (OOP).
- Designed interactive coding exercises covering variables, data types, control flow, loops, functions, and classes.
- Created quizzes and practical projects and provided individual mentoring and feedback to support learner progress.

CS50 Facilitator and Python Instructor **Jan 2023 – Jan 2024**
Cipher and Ma3refa *Sohag, Egypt*

- Supported more than 50 learners through practical programming workshops and mentoring.
- Delivered Python, Scratch, C, and C++ sessions in Arabic and guided learners through coding exercises.
- Supported problem-solving activities, project-based learning, and foundational computational thinking.

Problem Solving Facilitator **Jan 2022 – Jan 2023**
Athar *Sohag, Egypt*

- Facilitated introductory C++ and problem-solving workshops focused on algorithms and logical thinking.
- Guided learners through structured exercises to strengthen programming fundamentals and problem-solving skills.

Education

Bachelor of Science and Education - Mathematics **2026**
Sohag University, Faculty of Education *Sohag, Egypt*

Training and Professional Development

Artificial Intelligence Program **Aug 2025 – Nov 2025**
Samsung Innovation Campus *Online / Egypt*

- Completed training in Python programming, data manipulation, exploratory data analysis, data visualization, and machine learning fundamentals.
- Practiced data analysis using NumPy and Pandas and explored applied AI and data workflows.

Python Programming **Jul 2023 – Sep 2023**
Samsung Innovation Campus *Online / Egypt*

- Completed practical training in Python fundamentals, data types, loops, functions, basic OOP, and algorithmic problem solving.

Front-End Development **Jun 2022 – Sep 2022**
Google Developer Student Clubs (GDSC) Sohag *Sohag, Egypt*

- Studied HTML, CSS, and JavaScript fundamentals and applied them in basic web-development projects.

ICPC Training - C++ and Competitive Programming **Jan 2022 – Mar 2022**
ICPC Training *Egypt*

- Completed structured C++ training focused on programming fundamentals, algorithmic thinking, and problem solving.
- Practiced Assiut problem-solving sheets and programming challenges through Codeforces.

Selected Projects and Digital Initiatives

Skillak Hub - EdTech Platform Concept **Ongoing**
Personal Initiative *Education Technology*

- Developing an EdTech concept intended to connect learners with professional trainers through practical learning sessions and support skills development aligned with market needs.

Telecom Customer Churn Insights **Learning Project**
Python, Pandas, Streamlit *Personal Project*

- Explored a customer-churn analytics workflow involving data exploration, visual insights, CSV-based input, and a churn-prediction pipeline.

Diabetic Retinopathy Classification **Learning Project**
Python and Deep Learning *Personal Project*

- Explored medical-image classification workflows using public datasets, CNN architectures including EfficientNetB0 and ResNet50, image augmentation, and Grad-CAM explainability concepts.

Training Management System (TMS) - Concept Design **Concept / Planning**
TechnoVision Hub *Training Operations*

- Worked on requirements and workflow planning for a training-management concept covering programs, registration, scheduling, attendance, trainer coordination, participant records, and reporting.

Technical and Professional Skills

Project and Program Operations: Project coordination; program coordination; training operations; scheduling; task tracking; follow-up; logistics coordination; event coordination; operational problem solving.

Fundraising and Administration: Fundraising campaign support; financial records; donation tracking; receipts and payments follow-up; office administration; documentation; records organization.

Reporting and Data: Progress reporting; data entry; data collection; data tracking; data review; attendance tracking; participant records; Microsoft Excel; Google Sheets; Google Forms; Power BI (basic); KoboToolbox (basic).

Systems and Customer Support: IT support; digital-system support; user access and role management; registration support; troubleshooting; customer service; digital product sales support; order follow-up; software activation guidance.

Programming and Development: Python; C++; HTML; CSS; JavaScript; Git; GitHub.

Data and Development Tools: NumPy; Pandas; Jupyter Notebook; PyCharm; Scikit-learn (fundamentals); Streamlit; FastAPI; Firebase; Firestore.

AI and Productivity: Artificial intelligence fundamentals; machine learning fundamentals; ChatGPT; Google Gemini; Microsoft Copilot; AI-assisted productivity; Microsoft Office; Google Workspace; Microsoft Teams; Zoom; Google Meet.

Education and Community: Training coordination; workshop facilitation; programming instruction; student support; learner onboarding; mentoring; volunteer development support; youth engagement; community outreach; communication.

Professional Skills: Teamwork; organization; time management; attention to detail; initiative; adaptability; accountability; analytical thinking; problem solving.

Languages

Arabic: Native.
English: Professional Working Proficiency.
